

Shur Shock (Model 2800)

AC-powered fence controller

Excellent value—Hallman's most popular fencer

Hallman's Shur Shock is a high-value, high-performance fencer, at a reasonable price. The Shur Shock can power up to 25 miles of fence wire, even with vegetation or poor insulation. The direct current (DC) pulse, low-impedance design ensures minimal voltage drop over the length of the fence.

The Shur Shock is ideal for most electric fence needs, including predator control and livestock confinement.

Features

- ◆ Safe, effective, and easy to install
- ◆ DC pulse, low impedance, 120 VAC operation
- ◆ Capable of powering up to 25 miles of fence wire
- ◆ Minimal voltage drop over the length of fence, even in vegetation and poor insulation conditions
- ◆ Colour-coded outputs
- ◆ Operation light
- ◆ UV, water, and fire-resistant enclosure
- ◆ Steel frame with recessed bottom connections
- ◆ Two-year limited warranty (including lightning)
- ◆ CSA approved for fire and electrical hazard free operation

Output and performance

* 100,000 Ω, 0.015 μF

The above ratings are based on well-insulated, single-wire fence.
The lowest effective guard voltage for long-haired animals is 2,000 volts.
The lowest effective guard voltage for short-haired animals is 700 volts.
